Sharechat

India

Dear Sir/Madam,

I am excited to apply for the **Software Engineer Internship** position at **Share Chat**. As a final-year Bachelor of Computer Applications (BCA) student with a passion for innovation and problem-solving, I am eager to contribute to Share Chat's pioneering efforts in technology and sustainable operations.

I bring hands-on experience in full-stack development, working with technologies such as React.js, TypeScript, Node.js, and PostgreSQL. In a recent project, **I built a full-stack blogging platform using Next.js, emphasizing seamless user experience and scalable architecture**. Additionally, my proficiency with tools like Redux Toolkit and TailwindCSS has allowed me to design dynamic and responsive user interfaces.

To **broaden my technical expertise**, I am currently learning Python through a **Udemy course**, reflecting my commitment to continuous learning and adaptability. My skills in problem-solving, collaboration, and building efficient solutions align with Share Chat's vision of leveraging technology to address global challenges in space sustainability.

I am deeply **inspired** by Share Chat's innovative approach to space situational awareness and the use of cutting-edge technology to drive sustainability. Joining your team as an intern would be a transformative opportunity to contribute my skills to impactful projects while learning from industry experts.

Thank you for considering my application. I look forward to the opportunity to discuss how my technical expertise, problem-solving skills, and passion for innovation can contribute to Share Chat's mission.

Kind Regards,

Mohit Soni
